EXPERIENCE

Full Stack Web Developer Intern

June 2024 – July 2024

Manipal Institute of Technology

Manipal, IN

- Created an intuitive platform for managing birthday parties, weddings and other events, optimizing workflows which led to a decrease in planning time by approximately 5 hours per project.
- Implemented secure user authentication and scalable backend with Express.js and MongoDB.
- Automated scheduling and payment processes, improving efficiency.

Core Committee Member for Development in Manipal Hackathon

June 2024 – Oct 2024

Manipal Institute of Technology

Manipal, IN

- Built a high-performance full-stack web app for the 2024 Manipal Hackathon, achieving over 35k+ DAU at peak
- Prioritized user experience for a tech-focused audience, incorporating UI elements such as 3D globes, bento grids, and translucent timelines.

Head of Graphics

Dec 2022 – Present

The Astronomy Club (TACM)

Manipal, IN

- Spearheaded the design and development of the official club website (tacm.in) and merchandise, utilizing graphic design expertise in Figma and Canva, along with web development skills to create a seamless and engaging online presence.
- Led social media content strategy and oversaw a 50+ member working and management committee, driving a 15%+ increase in engagement.
- Achieved a Canva Design Certification milestone by completing over 50 designs, demonstrating advanced skills and creativity in graphic design.

GirlScript Summer of Code 2024

May 2024 – July 2024

Remote Open Source Contributor

- Elevated technical acumen by engaging with hands-on programming tasks aimed at resolving key obstacles identified from peer discussions.
- Contributed five major fixes leading directly to smoother deployment processes for applications developed.

PROJECTS

Eventzia | *Next, React, MongoDB, Mongoose, Express.js, Node.js, Tailwind, JWT*

June 2024 – July 2024

- Designed an intuitive platform for organizing events like weddings and parties, featuring real-time vendor discovery, payment integration, and scheduling tools.
- Streamlined event planning processes in an innovative manner, increasing efficiency by 30%.
- [Project Link](#)

Local Bus Management System | *HTML, CSS, JavaScript, PHP, MySQL*

April 2024

- Designed and implemented a comprehensive relational database schema for a local bus management system, optimizing information storage and retrieval across multiple entities.
- Utilized Database Management System (DBMS) concepts and ER diagrams to enhance system performance and reliability.
